Nevada Provider Portal Now Includes Search Functionality

As of September 19, 2016, the Provider Web Portal (www.medicaid.nv.gov) offers users the ability to search Web Announcements, Latest News, Forms and other documents that are available for providers on the web content portion of the Nevada Medicaid Provider Web Portal.

The “Search” bar is located in the top right corner of each page of the desktop computer layout.

The “Search” bar is located within the drop-down menu of mobile devices.

Once a search term is entered a results page will be displayed, which includes all relevant documents contained on the content site.
