Announcement 1374

## **Attention Provider Type 85: Claims with CPT Codes 92507 and 0364T, 0365T, 0368T and 0369T**

Provider type 85 (Applied Behavior Analysis) is reminded to coordinate care and not submit claims for CPT code 92507 (Treatment of speech, language, voice, communication, and/or auditory response processing disorder) for the same recipient with the same date of service as adaptive behavior assessment and treatment services codes 0364T, 0365T, 0368T and 0369T. Claims with 0364T, 0365T, 0368T and 0369T will deny with edit code 0126 (Invalid combination of procedures) when submitted for the same recipient with the same date of service as a claim for procedure code 92507.

PT 85 claims with procedure codes 0364T, 0365T, 0368T and 0369T may have denied inappropriately if procedure code 92507 was already billed and paid in the same month for the same recipient. The system is being updated and effective with dates of service on or after June 15, 2017, claims for 0364T, 0365T, 0368T and 0369T will no longer deny inappropriately if 92507 was already billed and paid the same month.

Claims with codes 0364T, 0365T, 0368T and 0369T with dates of service on or after June 15, 2015, through June 14, 2017, that denied inappropriately will be automatically reprocessed. A future web announcement will notify providers when the claims will be reprocessed.
