Attention Provider Type 19 (Nursing Facilities):

Standard Bed Day Rates Updated

Per the 2017 Nevada Legislative change approved by the Centers for Medicare & Medicaid Services (CMS), the rates for nursing facility standard bed day services have been increased by 10 percent. The new rates have been updated in the Medicaid Management Information System (MMIS) effective with dates of service on or after July 1, 2017, for in-state facilities and dates of service on or after January 1, 2018, for out-of-state facilities.

Claims submitted by in-state facilities with dates of service on or after July 1, 2017, through February 15, 2018, and claims submitted by out-of-state facilities with dates of service on or after January 1, 2018, through February 15, 2018, that paid at the previous rates will be automatically reprocessed to pay at the updated rates. Providers do not need to resubmit or appeal the impacted claims. A future web announcement will notify providers when the claims will be reprocessed.
