Web Announcement 1740

**Attention Provider Type 33 (Durable Medical Equipment, Prosthetics, Orthotics and Supplies):**

**Claims that Paid Incorrect Rates Will Be Reprocessed**

When rates were updated for provider type 33 (Durable Medical Equipment, Prosthetics, Orthotics and Supplies) on March 4, 2018, some rates were entered in the Medicaid Management Information System (MMIS) incorrectly. Claims for the procedures listed below billed by PT 33 that paid an incorrect rate will be automatically reprocessed to pay the correct rates, resulting in some funds being taken back. The impacted claims were submitted with dates of service on or after July 1, 2017, and were processed on or after March 4, 2018, and before October 15, 2018. A future web announcement will notify providers when the claims are reprocessed.
