Telehealth Billing Instructions Updated

The Telehealth Billing Instructions have been updated. The **distant site** is the site where the provider delivering services is located at the time the service is provided via a telecommunications system. The provider at the distant site must use Place of Service (POS) Code 02 when billing for services provided via telehealth. Use of the POS code certifies the service meets telehealth requirements.

Note that for distant site services billed under Critical Access Hospital (CAH) method II on institutional claims, the GT modifier (telehealth service rendered via interactive audio and video telecommunications system) is required.

The updated [Telehealth Billing Instructions](#) are located at the bottom of the Providers Billing Information webpage at www.medicaid.nv.gov.
