## **Medicare Part D Co-Pay Reimbursement Increase**

Nevada Medicaid pays dual-eligible recipient's Medicare Part D co-pay for prescriptions. Dual-eligible recipients are eligible for both Medicare and Medicaid. Effective January 1, 2019, the co-pay for brand medications increases from \$3.70 to \$3.80. The co-pay for generic medications remains the same at \$1.25. OptumRx has updated the reimbursement to reflect the increased amount on the effective date. No action is required by pharmacies to receive this new rate.
