Medicaid Management Information System Updated with NCCI Quarter 2 2019 Files

The Medicaid Management Information System (MMIS) will be updated on April 15, 2019, with the Centers for Medicare & Medicaid Services (CMS) National Correct Coding Initiative (NCCI) Quarter 2 2019 files, which were effective on April 1, 2019.

Any claims with dates of service on or after April 1, 2019, and processed on or before April 15, 2019, that were not adjudicated using the updated NCCI files will be automatically reprocessed. A future web announcement will notify providers when the affected claims are reprocessed. Reminder: When the claims are reprocessed using the updated NCCI files, they will continue through the claims processing system and will be subject to subsequent validations.
