Web Announcement 1895

Attention All Providers:

Use Current Forms for Requesting Prior Authorization

Prior authorization (PA) forms have been updated for use with the new Medicaid Management Information System (MMIS), which was implemented on February 1, 2019. Please meet the following criteria for submitting PAs to ensure the process is completed accurately and timely:

1. All services that require PA must be requested on the most current version of the PA form. Current forms are available on the [Provider Forms](#) webpage.
2. Providers are requested to discontinue use of previous versions of the forms immediately. Effective on and after **May 31, 2019**, any requests using previous versions of the forms will be **denied**.
3. Forms can no longer be faxed. They must be submitted electronically through the [Provider Web Portal](#).
