Nevada Medicaid Web Announcement 3344

Attention Provider Type 17 (Special Clinics) Specialty 188 (Certified Community Behavioral Health Center (CCBHC):

Update Regarding Claims Denied for Overlapping Dates of Service

Claims submitted by provider type (PT) 17 (Special Clinics) specialty 188 (Certified Community Behavioral Health Center (CCBHC)) that had overlapping dates of service with a PT 13 (Psychiatric Hospital, Inpatient) or PT 63 (Residential Treatment Center) claim may have been denied in error with error codes 5003 (Possible conflict: PT13 (Psych Hosp Inpat) vs others) or 5004 (Possible conflict: PT63 (RTC vs others)).

PT 17 specialty 188 is allowed to bill for transitional targeted case management services while the individual is still receiving services in the inpatient psychiatric setting or residential treatment center.

Effective with dates of service on or after April 29, 2024, the Medicaid Management Information System (MMIS) has been updated to allow PT 17 specialty 188 to be reimbursed for the overlapping dates of service with a PT 13 and PT 63, respectively.

No claims will be reprocessed automatically as this update is a go-forward change.
