Nevada Medicaid Web Announcement 3346

Urgent Announcement: Adjustment Claims Overpayments

Adjustment claims processed during the April 26, 2024, financial cycle may have overpaid. The issue has been corrected. On subsequent financial cycles starting May 3, 2024, the claim adjustments will be processed and overpayments will be recouped.

Please note the following screenshot showing that providers will see a PLB segment on their Health Care Payment/Advice (835) with an Accounts Receivable (AR) number of 000999999999 and the amount immediately following. This will have no impact on the May 3, 2024, payment.
