## Nevada Medicaid Updates Vaccine Administration Reimbursement

Nevada Medicaid is updating its reimbursement policy for pharmacy administered vaccinations. Nevada Medicaid will pay the standard administration fee of **\$7.80** for vaccines administered in the pharmacy.

For vaccines that are dispensed and administered off-site, pharmacies will be reimbursed a standard dispense fee of \$10.17 in lieu of an administration fee. Submission of a Place of Service code 99 is required to indicate off-site administration. Please refer to section 5.4 of [Pharmacy Manual](#) for full billing instructions.
