Web Announcement 3440

The Novavax COVID-19 Vaccine, Adjuvanted (2023-2024 Formula) is excluded from coverage

The FDA announced on August 30, 2024, that the Novavax COVID-19 Vaccine, Adjuvanted (2023-2024 Formula) is no longer authorized for use. This action came as part of the FDA emergency use authorization (EUA) for an [updated version of the Novavax COVID-19 vaccine](#) for individuals 12 years of age and older.

As a result of the FDA update, Nevada Medicaid has excluded Novavax COVID-19 Vaccine, Adjuvanted (2023-2024 Formula) from pharmacy coverage.

See [FDA announcement](#) for full details.
