Nevada Medicaid Web Announcement 3482

Attention All Providers: New Provider Enrollment Tool Phased Implementation

The Division of Health Care Financing and Policy and their fiscal agent, Gainwell Technologies, will be implementing the new provider enrollment tool as a phased implementation. This means that the tool will be released in phases based on provider types. These phases are as follows:

- **Phase 1:** The following provider types:
 - 20 (Physician M.D., Osteopath D.O.)
 - 24 (Advanced Practice Registered Nurses)
 - 72 (Nurse Anesthetist)
 - 74 (Nurse Midwife)
 - 77 (Physician's Assistant)
- **Phase 2:** Provider types 14 (Behavioral Health Outpatient Treatment) and 82 (Behavioral Health Rehabilitative Treatment)
- **Phase 3:** All provider types

Dates for the phased implementation will be shared directly with each provider type as they are moved to the new portal. When you enter your implementation phase, you will be provided a link to access the new enrollment portal via email. Additionally, once in your implementation phase, the current online provider enrollment (OPE) tool will automatically redirect you to the new portal to complete your enrollment, revalidation, or update.

See [Web Announcement 3457](#) for more information about the new provider enrollment tool.

Please stay tuned for further information and direct communication as your implementation phase approaches.
