**Nevada Medicaid Web Announcement 3581**

## **New Provider Type 95 (Home and Community Based Services Waiver for Structured Family Caregiving) Available for Enrollment Effective March 17, 2025**

The Division of Health Care Financing and Policy (DHCFP), Nevada Medicaid, has created a new provider type (PT) 95 for Home and Community Based Services Waiver for Structured Family Caregiving (SFCG). This PT was created to provide the following services to Nevada Medicaid recipients with dementia or related conditions: case management, personal care services, respite and health related services, including without limitation, home health aide services.

Effective March 17, 2025, PT 95 is available for enrollment through the [Online Provider Enrollment](#) portal. The Enrollment Checklists are available on the [Provider Enrollment](#) page.

Once a provider is enrolled and active as a PT 95, they may render services and begin submitting claims according to enrollment, prior authorization, and billing requirements. These requirements can be found in the new PT 95 Billing Guide, posted on the [Billing Information](#) webpage.
