## **Claims for Sleep Study Procedure Codes Billed With Modifier TC or Modifier 26**

Effective for claims with dates of service on or after March 24, 2025, the following provider types (PT) should bill sleep study procedure codes with modifier TC (Technical Component) or modifier 26 (Professional Component) when performing only a portion of the service:

- 12 (Hospital, Outpatient)
- 20 (Physician, M.D., Osteopath, D.O.)
- 24 (Advanced Practice Registered Nurse)
- 27 (Radiology and Non-Invasive Diagnostic Centers)
- 77 (Physician's Assistant)

Modifiers TC and 26 cannot be billed by the same practitioner (rendering provider) for the same procedure code for the same recipient and the same date of service. Practitioners should follow the appropriate practice protocols when billing modifiers TC and 26.

No claims will be reprocessed automatically as this is a go-forward change.

The following procedure codes are impacted:
