## **Attention All Providers: Blackout Periods for the Phased Implementation of Provider Flex**

In anticipation of Provider Flex, there will be a blackout period in the Online Provider Enrollment tool (OPE) for each group prior to their Provider Flex implementation date.

During this blackout period, new applications for the applicable provider types cannot be started; however, enrollment applications started prior to the blackout dates will still be accessible. All providers are encouraged to complete any existing enrollment applications prior to the blackout period.

Once each group goes live, new applications will be redirected to Provider Flex. Please watch for future announcements for additional details on the blackout periods.
