Nevada Medicaid Web Announcement 3842

Error Code 5074 Has Been Updated for Drug Claims with Modifier JW

Claims for single-use drugs have been denying in error with error code 5074 (Exact dupe current NDC equal history NDC) when two details of the claim were billed for the same code and date of service, but one detail was billed with Modifier JW. Effective with claims processed on or after February 9, 2026, error code 5074 has been updated in the Medicaid Management Information System (MMIS), and claims with the above criteria will no longer deny in error.

Claims that indicated drug wastage that denied with error code 5074 will be reprocessed automatically at a later date. The impacted claims have dates of service on or after August 1, 2024. Results of the impacted claims will appear on a future remittance advice.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
