Nevada Medicaid Web Announcement 3890

Rate Review Surveys for Certain Provider Types

Per Nevada Revised Statutes (NRS) [422.2704](#), the Nevada Health Authority, Division of Nevada Medicaid is required to conduct a rate review for each provider enrolled with Nevada Medicaid at a minimum of every four years. The purpose of this statute is to determine whether the rate of reimbursement accurately reflects the actual cost of providing the service or item. Nevada Medicaid has established a rate review schedule, and, at this time, the provider types (PTs) listed below are under review.

Beginning **April 10, 2026**, providers enrolled under the PTs listed below will be able to access surveys on the [QRR page](#), complete them and return them to Nevada Medicaid. The surveys request information regarding Current Procedural Terminology (CPT)/Healthcare Common Procedure Coding System (HCPCS)/Revenue codes billed, and the cost of providing each service/item.

Completed surveys must be returned via email to QRR@nvha.nv.gov in Excel® format.

Surveys must be completed and returned by June 5, 2026.

As a valued partner with Nevada Medicaid providers, NVHA strongly encourages all provider types listed below to complete the survey. Data gathered from provider responses directly contributes to the analysis of current reimbursement rates and may assist in justifying rate adjustments in the future.

For more information on Quadrennial Rate Reviews, including a full annual schedule, surveys for each provider type being surveyed, and detailed instructions, please visit the [QRR \(nv.gov\)](#) webpage on Nevada Medicaid website. **Please note:** Rate reviews may or may not result in changes to reimbursement amounts.
