Nevada Medicaid Web Announcement 3904

Attention Provider Type 14 Specialty 814 (Behavioral Health Community Network Entity/Agency/Group):

Updated Enrollment Checklist Which Includes Enrollment Criteria for Intensive Outpatient Program (IOP) and Partial Hospitalization Program (PHP)

The Behavioral Health Community Network Entity/Agency/Group (Provider Type 14 Specialty 814) Enrollment Checklist has been updated and replaced on the Nevada Medicaid Provider Portal website on the [Enrollment Checklists](#) webpage.

The updated Enrollment Checklist specifies the criteria that must be included in an attached Intensive Outpatient Program (IOP) and/or Partial Hospitalization Program (PHP) description, when applicable.

Providers who have not yet submitted their group applications for PT 14 are requested to begin using the new checklist immediately. Use of the previous version of the checklist will be honored if your application has been submitted by the date of this publication AND has not been returned for corrections. If you use the previous checklist and your application is returned for any corrections, you will be required to use the new group enrollment checklist.
