Announcement 661

Attention Provider Type 33: Policy Refresher on the Durable Medical Equipment RB Modifier Requirement for Repairs

Per Medicaid Services Manual (MSM) Chapter 1303.6.A.2, prior authorization (PA) and claim submissions must include HCPCS modifier RB for all DMEPOS parts furnished as part of the repair. Providers are required to submit with the appropriate modifiers per Nevada Medicaid policy. If the required modifier, in these instances RB, is not used, the PA and/or claim will be denied.

Please refer to [MSM Chapter 1300 Durable Medical Equipment](#) for more information on what to provide for repair requests.
