Update Regarding 2015 New CPT, HCPCS and ADA Codes

Rates for the new 2015 CPT, HCPCS and ADA codes are in the process of being updated in the Nevada Medicaid Management Information System (MMIS). Providers are advised to use the appropriate 2015 codes, when applicable, on claims with dates of service on or after January 1, 2015. **Note:** The claims will deny with edit codes 0210 (No fees found on file) and/or 0309 (Services not covered) and/or 0148 (Rendering provider is not certified to perform procedure). The denied claims will be automatically reprocessed after the rates are updated in the MMIS with no further action required by providers.

Providers will be notified via web announcement when the 2015 codes are updated in the MMIS and the affected claims are reprocessed.
